An Old House Near the City Burned Early Yesterday Morning-Court, Personal, and Other Items Gleaned on the South Side of the James.

A called meeting of the Manchester Council was to have been held last night, to finally dispose of the street-paving matter, but in the absence of a quorum no business was transacted, and after some little informal discussion themselves the members wended their

way homeward. The financial showing of Central Metho dist church, of this city, for the conference year, just ended, is exceptionally good. Besides paying in full the salaries of the preacher in charge and presiding elder, this congregation raised for mission and other connectional objects, \$606.74, while the whole amount raised for all purposes, including the above, was \$4.-298.63, or an average of \$8.20 per member.

AN OLD BUILDING BURNED. Yesterday morning about 1 o'clock fire destroyed the old building near the pumphouse on the right of the Southern railway-line, about half a mile from the city How the fire originated is unknown, but it is supposed that it was set aftre by tramps, as this place was a sleeping-quarter for them. Thursday night a number of them were seen loafing around the place in a drunken condition. It was first thought yesterday that several of them had been burned to death, but the police of this city went to the ruins and made a careful investigation, which assured them that it was not the case.

While inspecting the premises, they discovered two tramps who were intoxicated. They brought them to the station-house, and Mayor Maurice gave them ten days in the chalm-gaing. The house burned was an old one, and was occupied for a number of years by a Mr. Saunders, a section-hand on the rajiway. The house burned was an old one, and was occupied for a number of years by a Mr. Saunders, a section-hand on the rajiway. The house was the property of the Southern railway.

Compliment to Dr. Hoge.

The Norfolk Pilot, in commenting on Dr. Hoge's address in the Conference of the Mathodist Episcopal Church, South, at its recent session here, says.

"Dr. Hoge always speaks in happy phrase, and with admirable spirit. One such address as that to his Methodist brethren will do more to bind Christians together and unity their work for the Master than ten thousand sermons in which the spirit of wrangling and bitter controversy predominates. If all preachers were teachers, and had the 'upirit of Christ.' and would breathe out apon the people the spirit of peace, of fellowship, and of brotherly love, the world would soon be brought into subjection to Him."

Henrico News Notes.

George E. Anderson made application for a license to conduct a bar-room in Henrico county yesterday. Rev. Mr. Mercer, of West-View Baptist church, near which the proposed saloon is situated, protested against the establishment, and much testimony was introduced on both sides. The case was argued at some length, and the decision was reserved until to-day.

The unfortunate Walker family, who live at the corner of Thirty-sixth and Clay streets, have had their wants administered to by sympathetic county officers. Commonwealth's-Attorney Sands sent them a load of coal, Dr. A. L. Leftwich is giving his professional services, and Mr. W. M. Tiller, Overseer of the Poor, has aided them with food and medicine.

Every physician knows that our kidneys are natural filters.

Our kidneys filter our blood.

Blood diseases are caused by badly-filtered blood.

When the kidneys are well they keep the body well by keeping the blood pure. When they are ill, they filter the blood badly and make us ill.

The sick kidneys can be made well with Dr. Hobb's Sparagus Kidney Pills, and this is what Dr. John Dobson says about it:

It takes a very short time to settle any loubts on the matter by giving Paine's celery compound a trial.

Mr. John Holland, whose portrait is given above, is a parlor-car conductor, whose home is in Jersey City. He writes:

I wish to give my testimony of the great benefit Paine's celery compound has done me. A year ago I had typhoid-fever, and later I had to have an operation in my side for an abscess over the liver. This left me very weak. I grew yery nervous, and could not sleep, I was thred even more after I got up than I was when I went to bed. I have taken four bottles of Paine's celery compound, and am perfectly well! I have a laken four bottles of Paine's celery compound, and am perfectly well! Neuralgia, sleeplessness, melancholia, hysteria, headacne, and dyspepsia at once referred themselves to a tried, half-fed, and therefore deranged nervous system.

The cure lay in attending to the nutrition of the whole system. This system of cure, simple and clear, like most epoch-making ideas, was embodied in the greatest tissue former, nerve-restorer, and regulator yet known to science—Paine's celery compound, the one great remedy that makes reople well:
